Profile

Passionate Software Engineer with over half a decade of experience in modern web technologies. I specialize in React, Next.js, and TypeScript, focusing on building scalable, high-performance applications.

Experience

— **Lead Front End Developer**, Citrus Systems; Belgrade, Serbia – 2021-2024

Led migration of iGaming platforms to React (Next.js) and Vue. Managed a team of six, improving code scalability, implementing CI/CD workflows, integrating Docker, and introducing E2E testing. Key contributor to npm libraries and successful project migrations.

— **Front End Developer**, Citrus Systems; Belgrade, Serbia – 2020-2021

Redesigned a custom front-end framework for iGaming projects, transitioning to a modular architecture.

— **UI/UX Designer / Web Developer**, Freelance; Remote – 2019-2020

Developed MVPs using React and JavaScript, and designed prototypes in Figma, optimizing development across devices.

— **Front End Web Developer**, Boca Tech; Belgrade, Serbia – 2018-2019

Collaborated with designers on UI/UX for user-focused outcomes and contributed to front-end development and data entry.

Education

Singidunum University; Valjevo, Serbia — Bachelor's Degree in Business Informatics
